17. Click Install.

21. Hit the home button on your remotes and then hit the icon that looks like three squares and a plus (my apps and games) and then in there, find the xciptv icon (looks like a blue diamond with a play button in it), highlight it, hit the button on your remote that looks like three dashes and then select "move to front". Now you are done and xciptv should be on the main screen!

22. Open XCIPTV the blue diamond icon on your main screen.
